March 2, 2007

Dear Parents:

It is time for the staff at Discovery School to start planning for next year so that we can provide the best possible programs and educational opportunities for your children. One of the first steps in this process is to enroll students for next year. Students already enrolled and their brothers and sisters have first priority to attend our school next year. We will also be opening enrollment to new students to fill any available seats after we know the number of returning students. We are required to have a lottery for all new applicants if there are more students than openings.

This year we had to turn away several students at the upper level because we are full in these grades. We still have a few openings in kindergarten through third grades for this school year.

If you wish to have your child(ren) attend Discovery School next year, please take a moment and fill out the enclosed Re-enrollment Form as soon as possible. If we receive this form in our office on or before March 12, 2007, your child(ren) will automatically be accepted for next school year. In addition, siblings will also automatically be accepted.

If you are uncertain about next year and would like to schedule a conference to talk with the Director, please feel free to give me a call at the above number to schedule an appointment. I would be more than happy to meet with you and hear any problems or concerns that you may have about our school or any of our programs.

If we **do not** hear from you by March 12, 2007, it will be presumed that your child(ren) **will not** be attending Discovery for the 2007-08 school year and we will do whatever is needed to help them transition over to their new learning environment. You still retain the option of enrolling them at a later date if we have any openings at that time. As always, we firmly believe that you know better than anyone else, what is best for your child.

Thank you for your cooperation and support.

Sincerely,

Bruce Foerch, Director
